

MHASD Strategic Plan on a Page

Building Level Information

The Board of Education approved a three-year Strategic Plan for the Mount Horeb Area School District. This “Plan on a Page” summary sheet focuses on the three strategic plan areas—Academics, Technology, and Safety—and highlights the school building goals. Associated action items and results will be provided on a similar Plan on a Page summary page at the end of the school year.

Academic

By the end of the 2016-2017 school year, at least 80% (or 2% more than the fall data if baseline data is already at 80%) of Mt. Horeb Middle School students will be in the high or average category of the informational text MAP score by the spring MAP assessment.

Technology

By the end of the 2016-2017 school year, 80% of middle school students will be able to use technology to create and collaborate within at least two technological applications (skills or programs, with an emphasis in Google Suite but not limited to).

Safety

During the 2016-2017 school year, 90% of middle school students will be able to independently identify two strategies to cope with the stressors of middle school. In addition, 80% of students will identify they have been successful in using strategies.
